## BRAKE ASSEMBLY

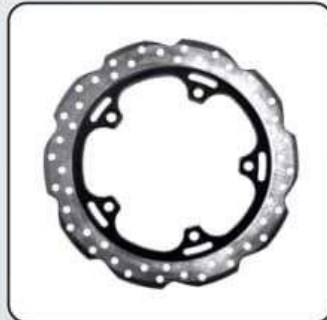

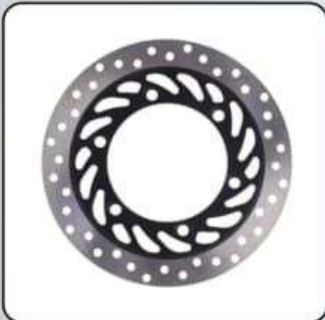

Ankit Engineering is one of India's leading manufacturers and suppliers of high-performance braking systems where we produce braking systems for all 2-wheeler which is mandatory for qualifying government incentives with 100% localization. This brake system conforms to ARAI standards and design to meet all 2-wheeler.

Our braking system is designed for lesser stopping distance and better stability during deceleration so we ensure a safe ride. We design and manufacture different diameter discs for all 2-wheeler. We understand our responsibility towards our customers as a reliable partner in delivering products as per the International Quality Standards.

We provide the best solution to our customers that satisfies their needs.

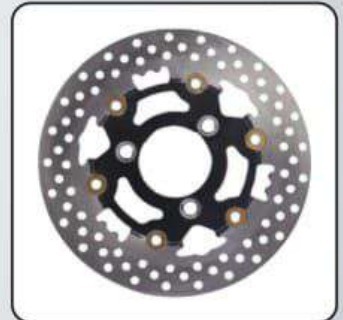

### DISC BRAKE PLATE

10" Wheel Front & Rear Disc Specifications

	Front Disc	Rear Disc
Diameter of Disc	180 mm	180 mm
PCD of Disc	65.5 mm	65.5 mm
Fitment	3 Point	3 Point
Thickness	3 mm	3 mm

12" Wheel Front & Rear Disc Specifications

	Front Disc	Rear Disc
Diameter of Disc	220 mm	180 mm
PCD of Disc	79.5 mm	65.5 mm
Fitment	3 Point	3 Point
Thickness	3 mm	3 mm

17" Wheel Front & Rear Disc Specifications

	Front Disc	Rear Disc
Diameter of Disc	276 mm	220 mm
PCD of Disc	xx mm	79.5 mm
Fitment	6 Point	3 Point
Thickness	3.5 mm	3.5 mm

18"/16" Front & Rear Wheel Disc Specifications

	Front Disc 18"	Rear Disc 16"
Diameter of Disc	240 mm	220 mm
PCD of Disc	xx mm	79.5 mm
Fitment	6 Point	3 Point
Thickness	3.5 mm	3.5 mm
